WE NEED YOUR HELP

Hear the Children's Cry is a voluntary organization providing urgently needed services for children and young people. Established in 2002, it combines vigorous advocacy with practical programmes for children, families and youth.

Our **Missing Children's Support Programme** began in April 2009, with continuing support from **Jamaica Yellow Pages**. It is Jamaica's only entity, public or private, providing counseling for families of missing children, as well as for missing children who have returned home.

Our **Missing Children's Support Programme** needs donations of funds and in-kind gifts to help offset costs of our services for traumatized families - including counseling, advocacy, distribution of food and other support.
